PROJECT WORK PLAN - GOAL AND OBJECTIVES

All Komen funded grants must work towards the same goal. Please develop at least one objective that describes how the project will meet the goal. The objective(s) will be evaluated at the end of the project to establish if it was met or not met.

Please provide requested information below. All fields with a red asterisk are a required field. To avoid loss of date, save your work often and remember to press "Save" before leaving the page.

- 1. To create the first objective for your project complete all the fields below and click the save button.
- 2. To add another objective, click the add button. The page will refresh and the objective fields will be empty. Complete all fields and click the save button.

 3. To navigate between objectives, click on the objective name in the drop down box on the top right of the page and click the "Go" button.

CONSULTANTS/SUB-CONTRACTS

- Consultants are persons or organizations that offer specific expertise not provided by staff and are usually paid by the hour or day.
 Subcontractors have substantive involvement with a specific portion of the project, often providing services not provided by the applicant.

Direct Patient Care services, even if subcontracted, should not be included in this section; those funds should be included in the Patient Care budget section. Physician fees for consultations should be included in the costs/fees entered in Patient Care Costs for the associated clinical service.

Please provide requested information below. All fields with a red asterisk are a required field. To avoid loss of date, save your work often and remember to press "Save" before leaving the page.

Project funds may not be requested for the development of educational materials or resources that either duplicate existing Komen materials or for which there is not a demonstrated need.

Applicants can view, download and print all of Komen's educational materials by visiting www.komen.org. If an applicant intends to use other supplemental materials, they should be consistent with Komen messages.

Applicants awarded project funding are encouraged to use Komen-developed educational resources, including messages, materials, Toolkits or other online content during their grant period to ensure that all breast cancer messaging associated with the Komen name or brand is current, safe, accurate, consistent and based on evidence.

PROJECT BUDGET SUMMARY

The "Requested from Komen" field will auto-populate from the information you have included in the previous budget sections. If you have an error on this page, please return to the section to make any necessary corrections.

If you are receiving cash or in kind donations to subsidize your program please include that information in the "Cash" and "In Kind" fields below. Any monetary funds for the program from outside sources, such as other grant awards, should be entered as Cash. Both services and supplies provided by the organization itself and from outside sources (e.g. food, supplies) to support the program should be entered as In Kind. If no cash or in kind is received/provided, please enter 0.
